Friends of Figma Bosnia and Herzegovina

Our main goal is to bring together designers, developers, illustrators, and creative professionals of all experience levels.

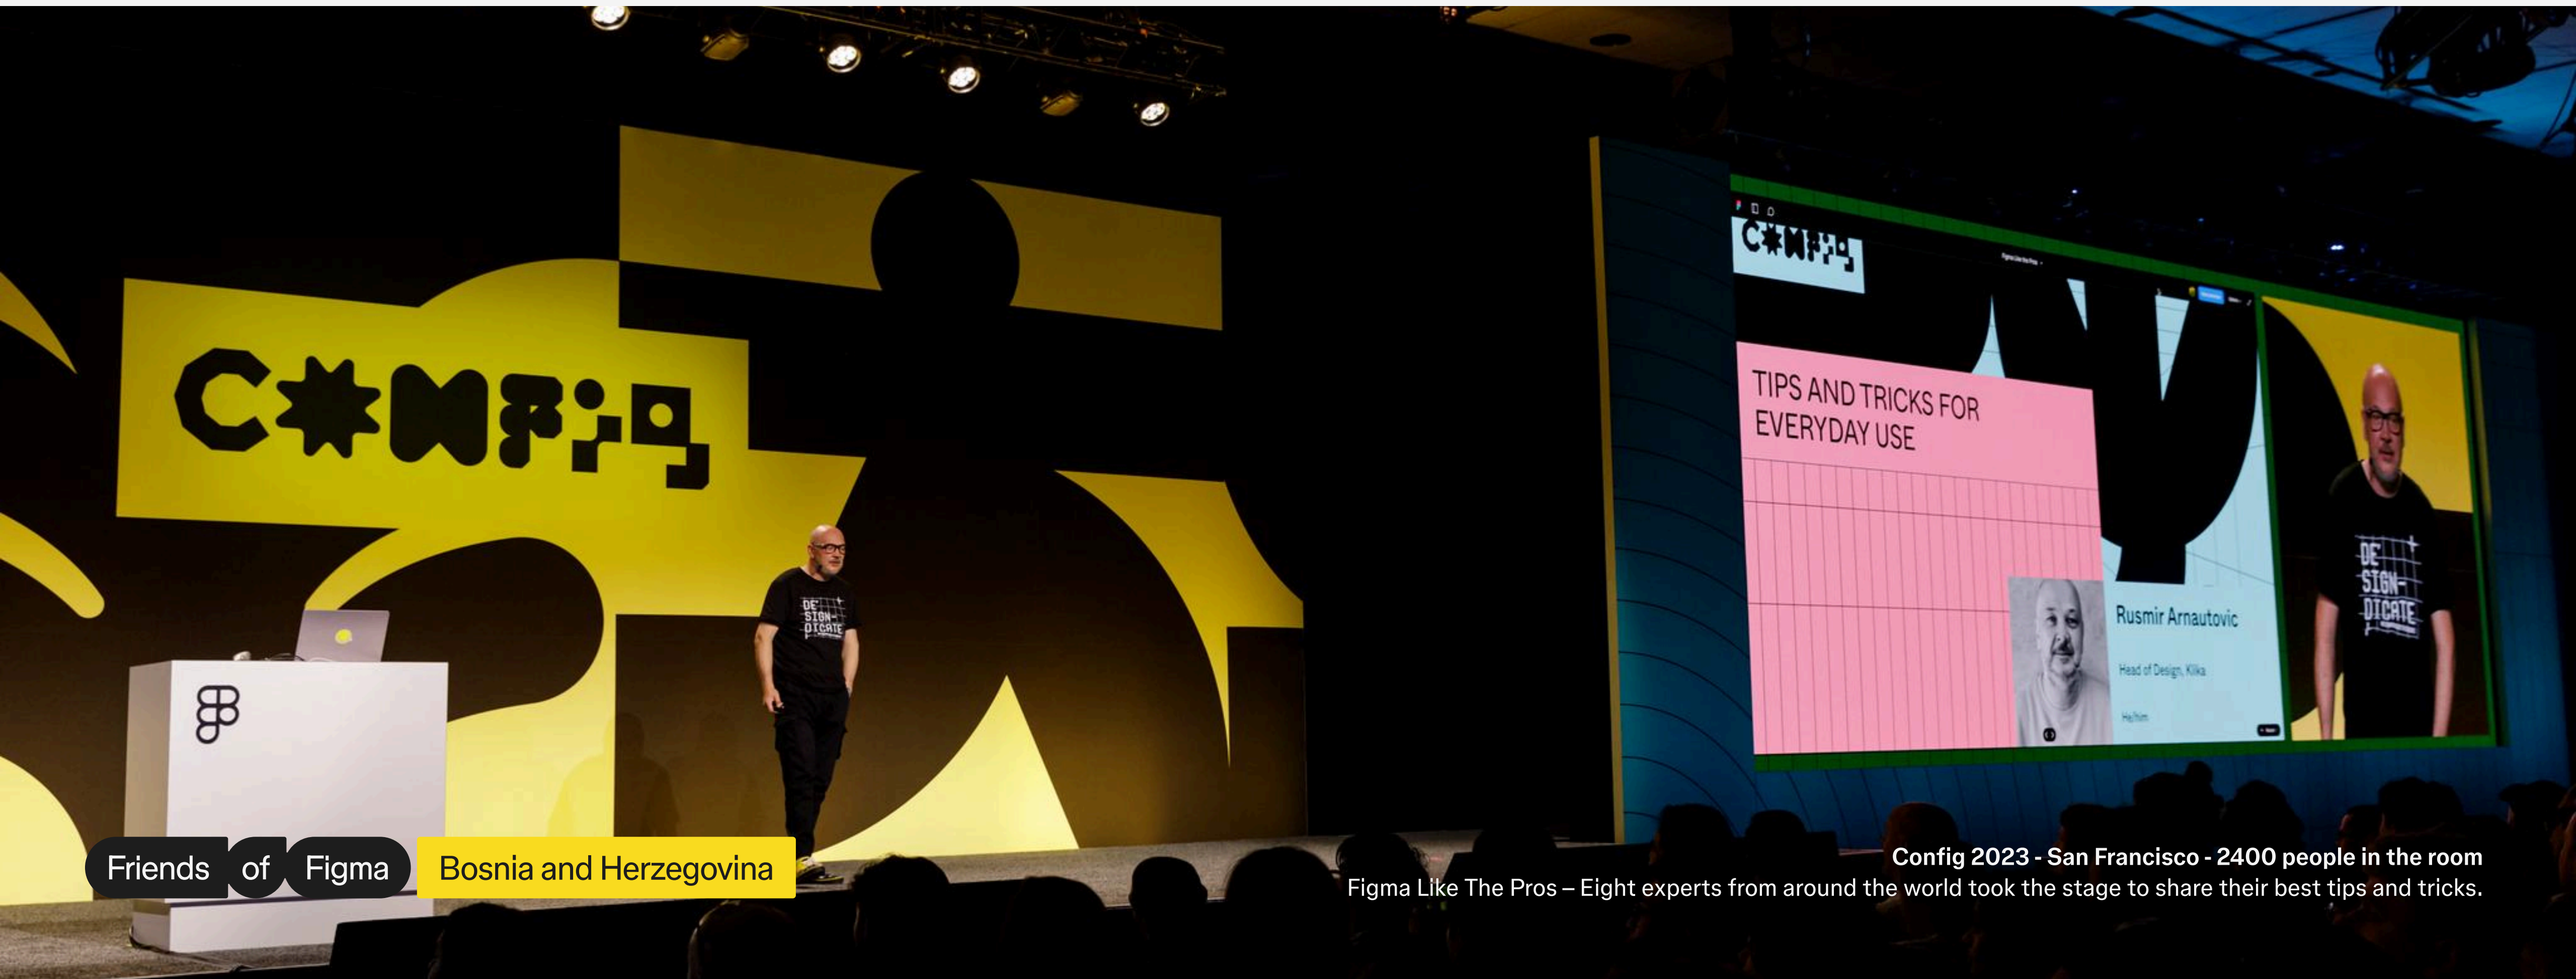

Whether you're a seasoned product designer, just beginning your design journey, or a developer interested in design systems, you'll find your place here.

Who is leading User Group?

My name is **Rusmir Arnautović**, and I am the User Group Leader for Bosnia and Herzegovina, representing our local design community. As one of 510+ leaders worldwide, I started this community in 2020. Since then, we've hosted numerous IRL and online meetups, including two in-person watch parties. 335 Figma's active members of FOF Bosnia and Herzegovina

Our Events

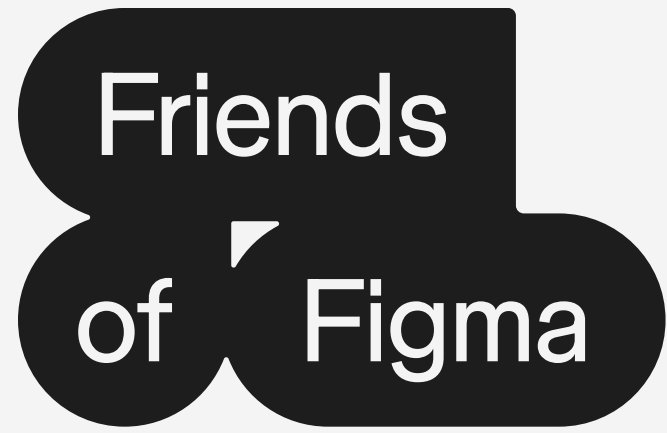

Shapeshifters

Friends of Figma Bosnia supported this event, and our group leader is one of the founders of Designdicade - a Bosnian design community.

This was our first event where we officially introduced the community.

We had a full house - more than 100 people attended the meetup.

Progress makers

We had a great event at Ministry of Programming. Our group leader and Eldin Herenda spoke about burnout and design hustling.

We had a full house - more than 50 people attended the meetup.

Progress makers - Second edition

What a day. We brought Mirela Saračević Trogrlić to talk about UX vs CX.

The session focused on understanding customer experience (CX) and the role of UX in shaping meaningful user interactions. It explored how user perception, brand value, and business outcomes are connected, and highlighted the real impact design has on people's everyday lives.

Friends of Figma

Hatch conference satellite meetup

The Hatch conference, which is usually held on September 5th, has arrived in Sarajevo a day earlier.

Sarajevo is one of the cities that has joined the group of 10 European cities as a mixer event this year.

Config 2024

We had a packed house with 74 members attending the watch party. We enjoyed an exciting quiz session with plenty of gifts and prizes.

Overall, it was an amazing experience!

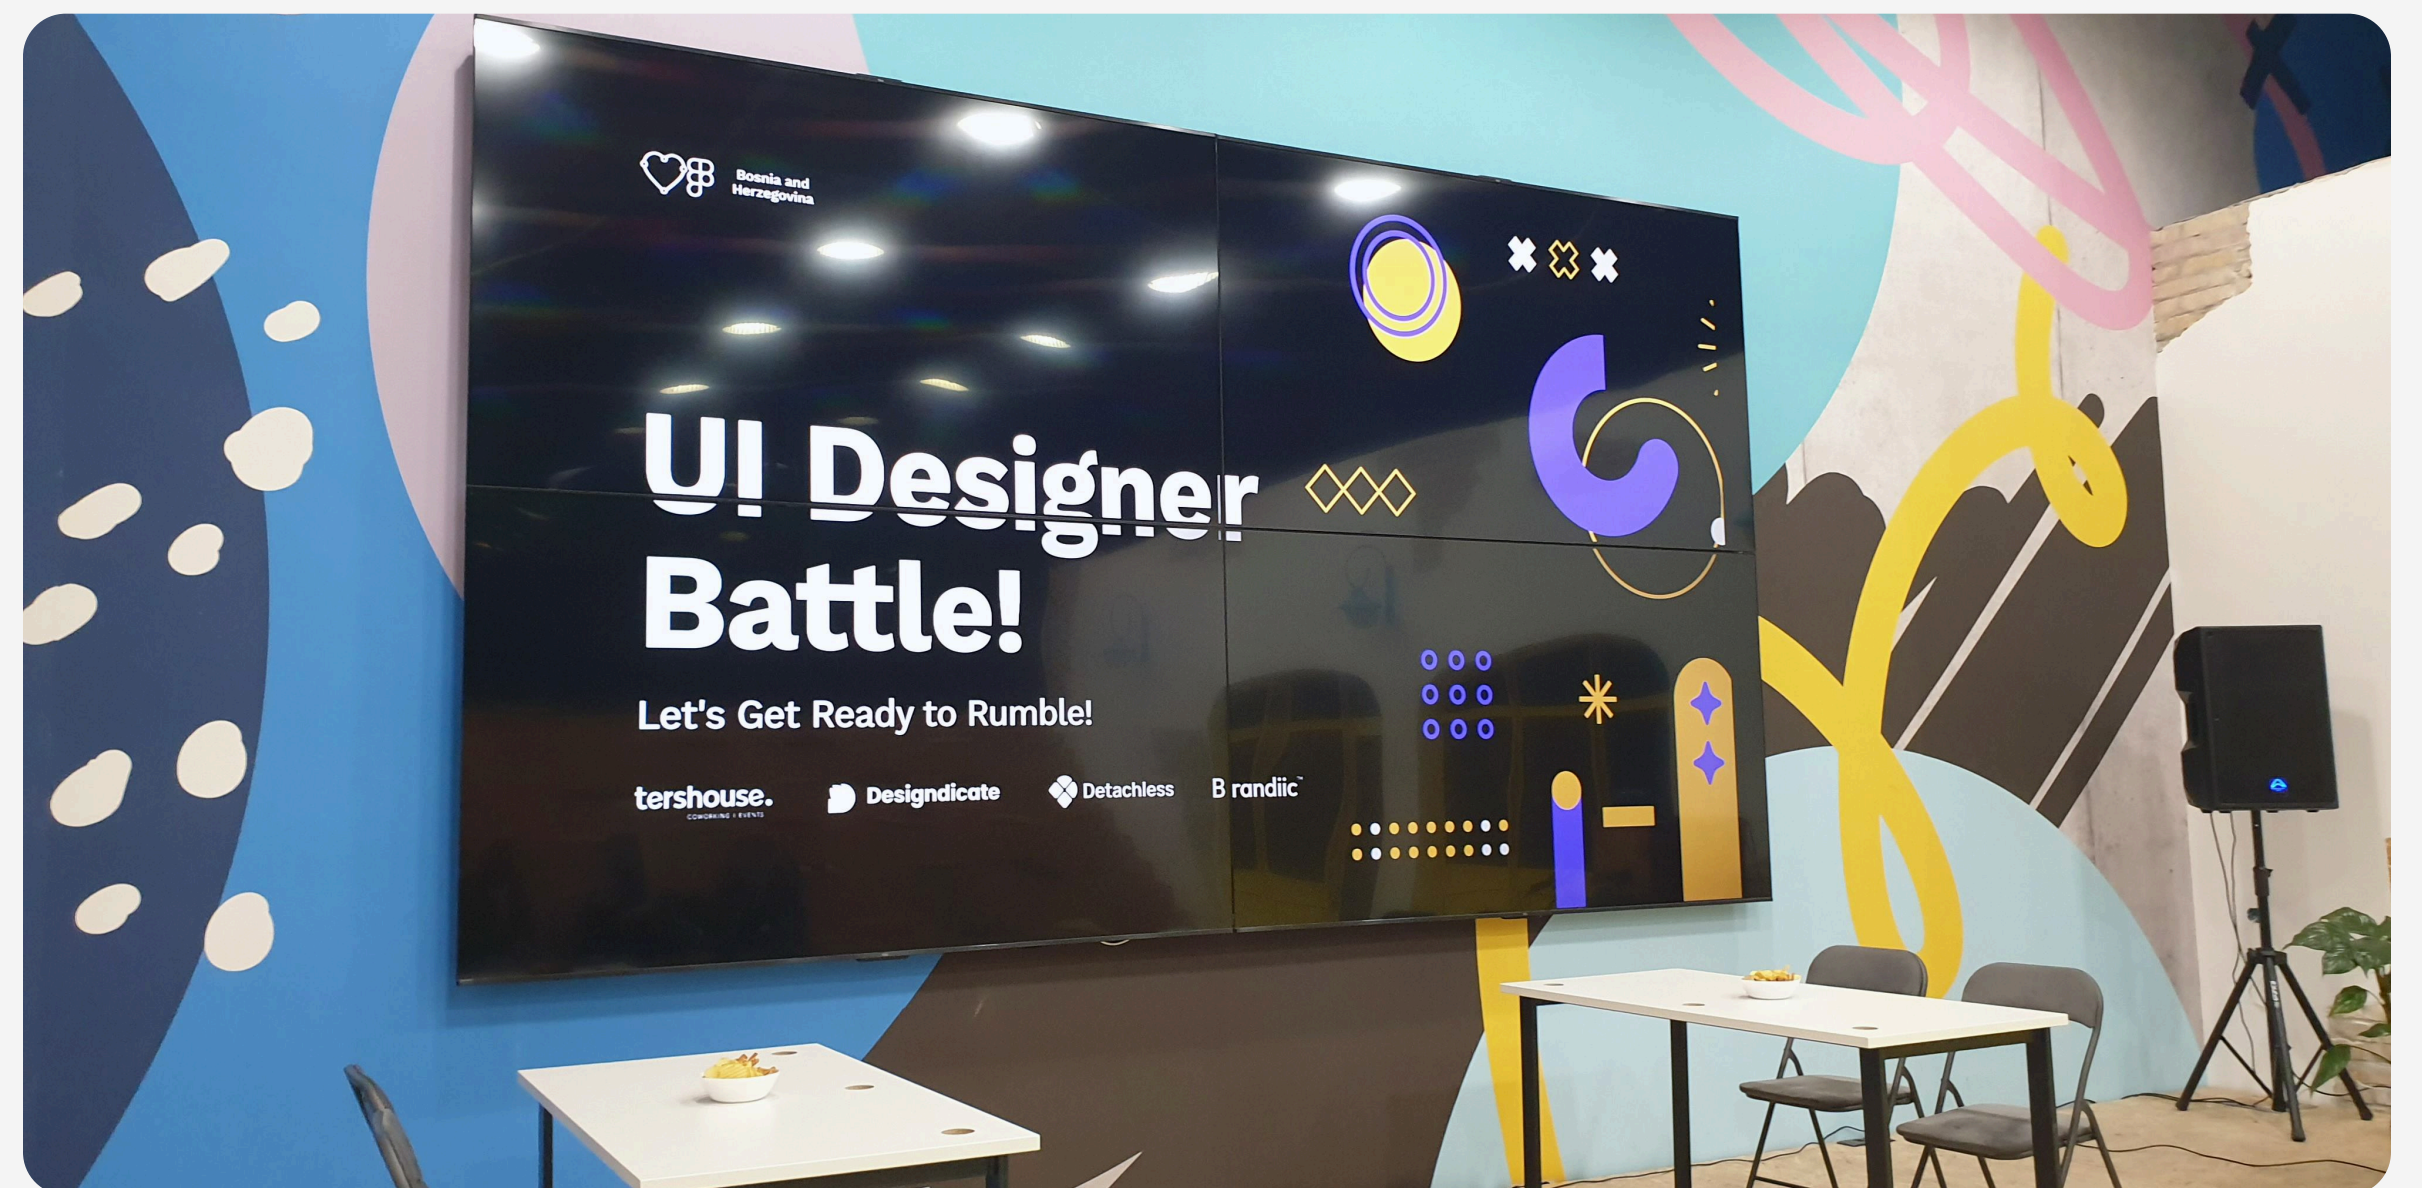

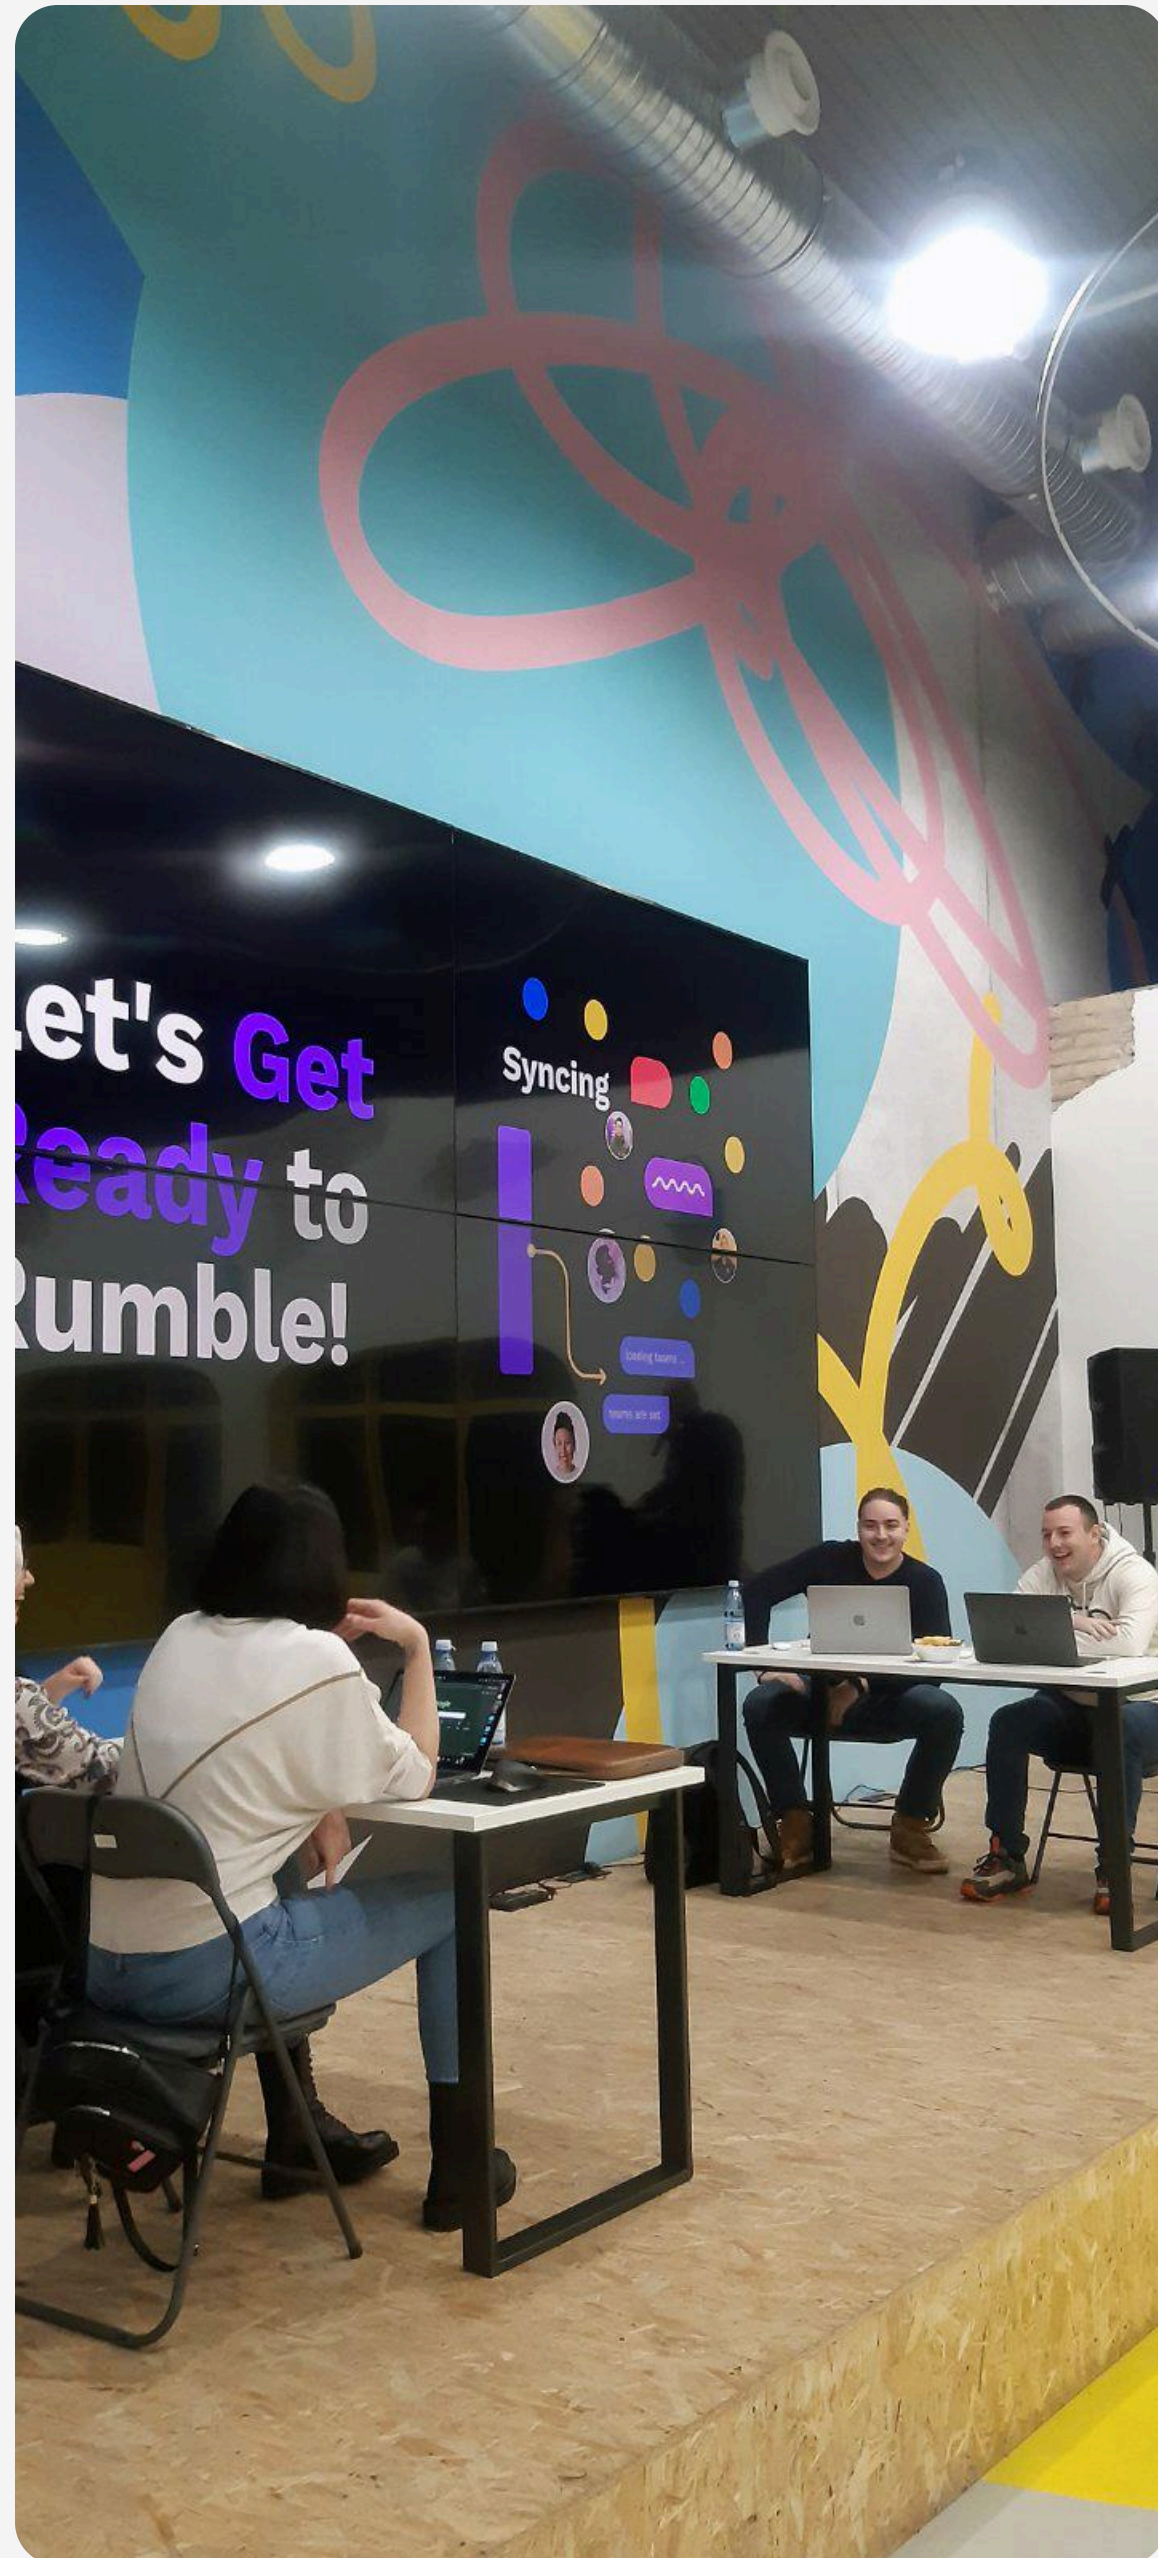

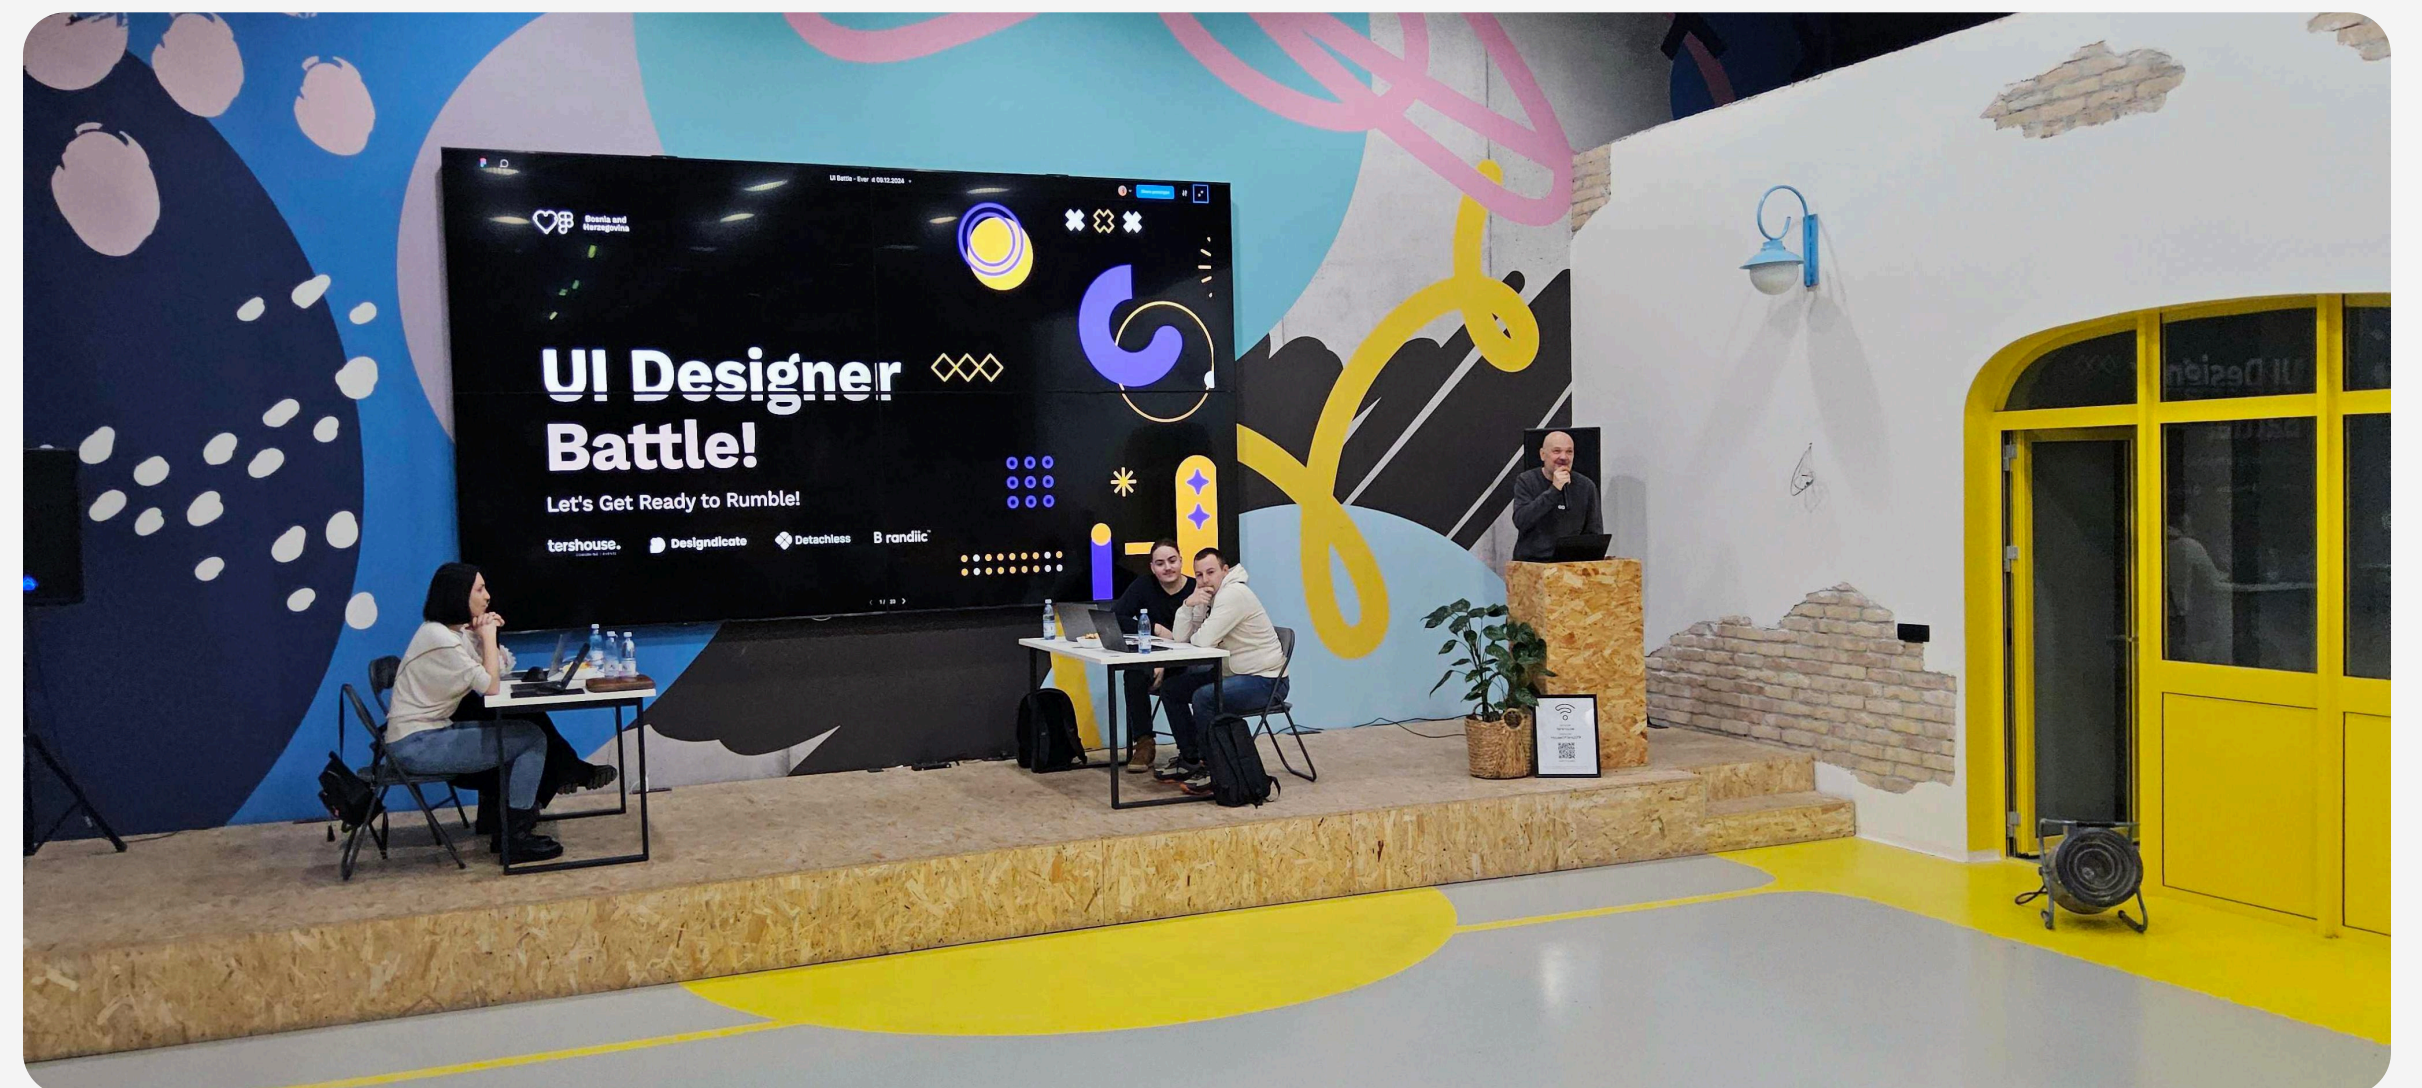

Design Showdown 2024

Two teams of talented designers went head-to-head in an intense one-hour battle, transforming a wireframe into a high-fidelity landing page.

Creativity was on full display as they pushed their UI design skills to the limit!

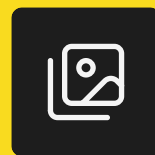

What's in it for your company

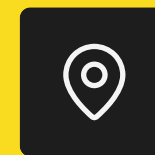

Becoming a partner gives you a chance to:

Gain visibility in the B&H design community

Increase organic social media promotion from attendees

Showcase your office to potential candidates

Present your company or project on stage

Get featured on social media and at the event

Expand your network with industry professionals

Share open job positions with attendees

Code Hub Mostar

How can we collaborate?

In-person Events

Online Events

Possible activities

Networking

Talks

Workshops

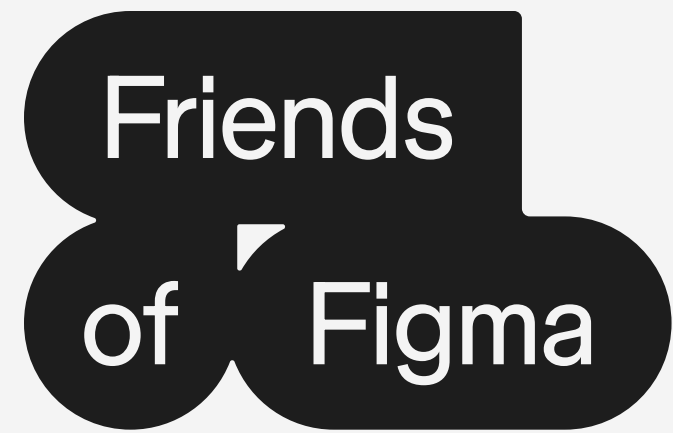

Discussion Panel

QA Sessions

Open Mic

Coffee Break

and much more!

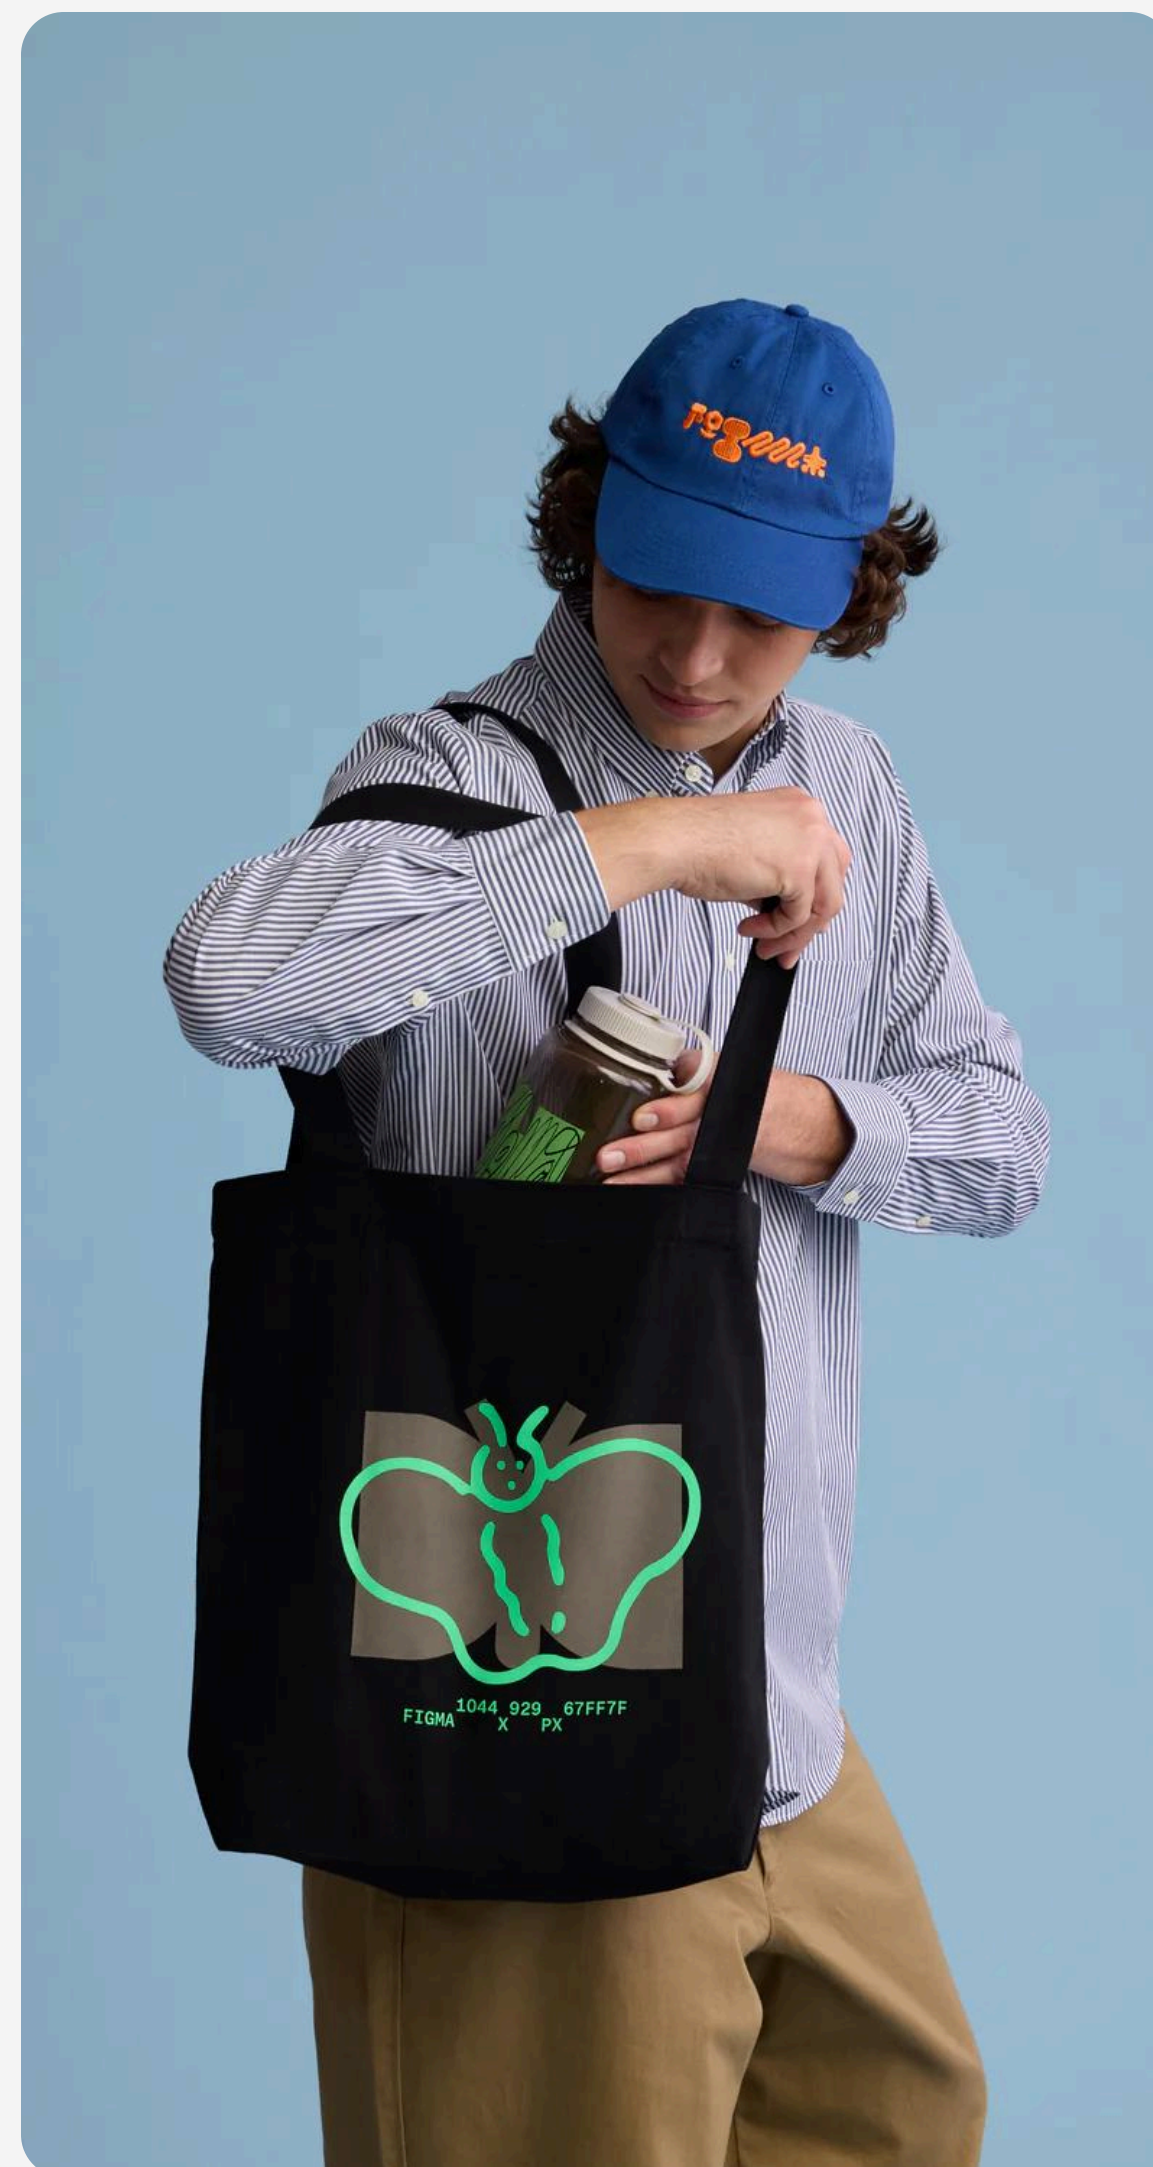

Pssst, one more thing!

As a part of FoF User Group Program we receive quarterly delivery of merch items from Figma.

Each package is a surprise, filled with small swag gifts for our attendees and speakers.

It is a nice touch that helps engage more people to attend.

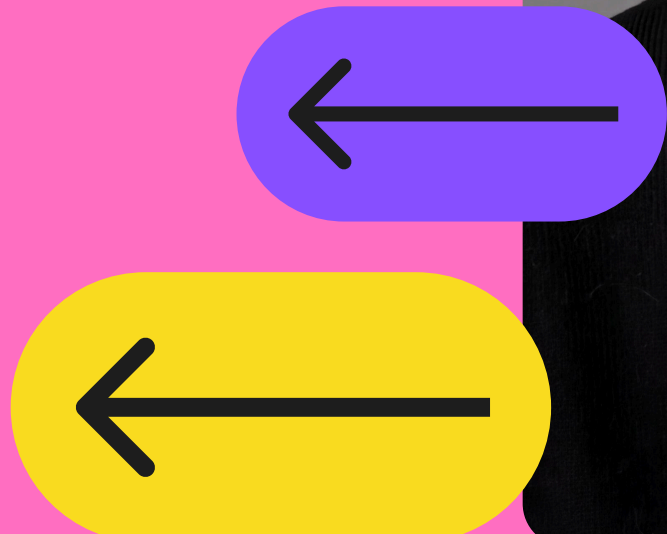

Want to become a Friend of Figma?

You can become a FoF Bosnia partner by:

1. hosting our event in your space
2. support our Community with your know-how (speakers from your team)
3. food & drinks

Have another idea? Drop us a message!
